

Commercial Support for Health & Social Care Providers

Wollens is a trusted legal adviser to the health and social care sector, with particular expertise in the sale, purchase and financing of care homes, dental practices and other healthcare businesses.

We support owners, operators and investors on acquisitions, disposals, restructures and growth strategies, providing practical, commercially focused advice throughout the transaction. Our team combines expertise with a strong understanding of sector regulation, including CQC compliance, registrations, helping clients manage regulatory risk and complete transactions with confidence. We also advise GP practices, opticians, veterinary surgeries, social HMOs, supported living providers and wider care businesses.

Combining sector knowledge with corporate, regulatory, property and banking expertise, and a proven track record of delivering results, we help clients navigate complex transactions and operational challenges at every stage. Whether you are buying, selling, expanding or restructuring, we provide clear advice to help achieve your objectives. Find out more [here](#).
