

Why make a Will?

Why choose Wollens?

At Wollens, we understand that when it comes to choosing a solicitor, many people might think all law firms are pretty much the same. We believe we're the best choice for you. Not just for advice on individual matters, but also as a long-term partner for all your legal affairs. Our team of specialists provide the full spectrum of legal services and specialist expertise across all private matters.

We have offices spread across 3 locations in Devon which means we are able to offer a comprehensive service with great local connections. We encourage our solicitors to become specialists in their fields – rather than generalists across many areas of law.

Helping you with your Will

Your Will is one of the most important documents you will ever sign, and we believe that it should receive the care and attention it deserves. We offer a number of Will packages, offering fixed fees and a bespoke Will service. We have a team of experienced solicitors who specialise in Will writing and we pride ourselves on providing a professional but friendly service.

Bespoke Will service

If you are unsure which Will Service is right for you, or you would prefer tailored advice, we can arrange an initial meeting to discuss your individual circumstances and requirements. This meeting is charged at the solicitor's hourly rate. Following this, we will provide you with a clear fee estimate for preparing your Will based on the level of advice and complexity involved. Our Bespoke Will service offers a more flexible approach than our fixed fee options, giving you as much time as you need with a specialist solicitor to explore your circumstances in detail and ensure your Will is carefully tailored to your wishes.

Essential Will Service

The Essential Will service is not suitable for everyone. It is only suitable if you are married or in a long-term partnership and you are leaving your estate to your partner or equally to all of your children. It also allows you to leave funeral wishes and personal possessions to one person and to divide your estate between adult beneficiaries (up to 4) if you do not have any children.

Standard Will Service

The Standard Will service adds to the Essential Will service the ability to include minor beneficiaries and the advice related to that, including standard trust provisions and the appointment of trustees and, more importantly, guardians to look after your minor children, until they reach the age of 18. The Standard Will service is also appropriate for those who want to include cash legacies, specific gifts to named beneficiaries (up to 4) and dividing your estate between beneficiaries (up to 4).

Enhanced Will Service (Family & Asset Protection Wills)

The Enhanced Will service has all the features of the Standard Will but includes a life interest trust of your home. This helps protect your share of your home for particular beneficiaries (e.g. children, stepchildren and second spouses) from bankruptcy, remarriage or care home fees. This only covers one property and will include changing the ownership of your home from joint tenants to tenants in common. If you require a discretionary trust or a disabled person's trust, then you will need our Bespoke Will service.
